WHY SPLASH INTERNATIONAL?

Manpower

We have a strong, competent, highly skilled and experienced team that supports your long-term growth and success — operating in a culture that encourages absolute customer-dedication.

Accreditation

We take our business seriously, which is why we've racked up the appropriate accreditations and certifications. From keeping your data and work environment safe and secure, we work hard at achieving and maintaining those credentials.

Standards

We comply with all of the industry inspection standards (API, DS1, NS2, ASME, AWS, ASTM, NSL, BS & Others).

The Records Tracking

SPLASH International has an online dashboard that helps you to view or download your reports and certification with a full privacy by a username and password to keep your records in hand 7/24.

Live Tracking System

SPLASH International has an “on-time tracking system” once we get cooperated with a project, the client will get an SMS on his cell phone from our system to be on a live progress with the job updates till completion.

Non-Disclosure Agreement

We know that you care about your intellectual property, and so do we. We don't share your data with others, and to ensure that - we sign a non-disclosure agreement as and when required.

Quality & Prices

We ensure that the solution fits your budget. We have been there, and we understand the cost implications in the industry, that's why we strive to give you the best value and highest quality with reasonable & competitive prices.
